

OPIOID SERIES

ADDITIONAL OPIOID RESOURCES AND REFERENCES

The Cal Ripken, Sr. Foundation created a series of resources on opioids to help facilitate healthy, productive conversations between law enforcement mentors and at-risk youth in the Badges for Baseball program about dealing with the issues surrounding drug use. The “Additional Opioid Resources and References” resource will guide you to other important websites, studies, published works and resources that may be helpful in discussing opioids with youth in the program. Additionally, this resource has cited references for the all the one-page resources in this series.
