NATURE BINGO

Take a walk in your community and observe the plants and animals you see. When you spot something, write or draw it in the corresponding box. Be careful and look where you're going while you walk.

B	I	N	G	O
Something red	Animal that can fly	Evergreen tree	Flower	Funny shaped rock
Something fuzzy	Something smaller than your fingernail	Animal tracks	Something yellow	Water feature
Amphibian or reptile	Describe an animal call you heard	Something green	Something that feels smooth	Something orange
Tree with a knot in the bark	Something that feels rough	Something that is an unusual shape	Seeds (acorns, pinecone, dandelion, etc.)	Animal that walks on the ground
Insect	Something grey	Something bigger than your head	Mushroom or other fungi	Tree stump

How many squares did you fill in? _____

What was the coolest thing you saw? _____

What was the easiest square to fill in? _____

What was the hardest square to fill in? _____

Did you find something you've never seen before? If so, what? _____
